

ROUND CONCRETE PLANTER 22 exposed aggregate

81 AISI..

Logo Stainless Steel:

81 AISI...

Base Natural Marble aggregates:

Model from the series of round concrete planters by Encho Enchev-ETE, in which the designers have offered a great ratio between height and diameter, turning every park, square or alley into a masterpiece of art. The flowerpot is made out of high-performance concrete and natural embossed aggregate. The aggregate structure is composed of natural marb ...
