CONCRETE BENCH 187

915.00 €

Concrete bench made of high-performance reinforced fiber concrete and natural aggregate of marble or granite stones, in different color combinations. All surfaces are polished and further treated with a protective coating, which makes the product even more resistant to aggressive weather influences. The softness of the clean lines, the horizontal format and the color palette bring a sense of calm and harmony and are a suitable complement to any park and public space.
