

## CONCRETE BENCH 268 B ES exposed aggregate

**Bracket Steel:**

RAL 702...

**Tags Stainless Steel:**

81 AISI...

**Base Natural Marble aggregates:**

42 Brown

51 White

52 Scatter

53 Grey

Bench model **\*\*268-B\*\*** is made from high-strength fiber-reinforced concrete with a homogeneous aggregate structure of natural marble or granite stones. The structural aggregates have a strictly defined size and color range, determining the main textures: white, scatter, gray, or brown. Various technological methods of treating the concrete surface ...
