

Creating Brands of the Future

Adlon M

339.00 €

The Adlon sofa impresses with its simple yet bold look and allows you to rediscover the retro style in a luxurious edition.

The idea behind this sofa was to focus on what's most important: pure aesthetics, top-quality materials, and exceptional comfort for your pet. This organic shape is not only eye-catching, but above all, very comfortable. The rounded edges immediately encourage your dog to curl up and enjoy a comfortable sleep.

The hidden legs lift the sofa off the ground, giving it a light and ethereal look, and also insulate it from the cold or hot floor and provide your friend with a safe place to relax. The upholstery covering the Adlon sofa is soft and pleasant to the touch, incredibly resistant to abrasion and very easy to maintain. If necessary, the removable cushion cover can be easily washed in the washing machine to refresh it.

Providing animals with the best means that we only use the highest quality textile materials for our "Pet Friendly" furniture (Martindale test over 100,000 rubs), which means that hair or dirt can be removed very easily and does not allow them to be absorbed into the fabric. In addition, the sofa s

eat is covered with thermoplastic Viscor foam, which increases the body support surface by up to 60% compared to a regular mattress. This reduces pressure on

blood vessels, which in turn has a beneficial effect on circulation and regeneration during sleep. Due to the antibacterial properties of the materials, the sofa stays fresh and is recommended for allergy sufferers.

This elegant piece of furniture has a timeless silhouette that will easily fit into any décor and provide your four-legged friend with a royal rest.

Material

Upholstery: Velvet (100% Polyester) with OEKO-TEX 100 Certificate, improved with advanced Easy Clean and Pet Friendly properties.

Easy Clean – The fibers are covered with a special finish at the production stage, which protects the fabric from dirt. Thanks to this, any stains are quickly and efficiently subject to the cleaning process.

Pet Friendly – fabrics from this group have undergone specialist laboratory tests to check their resistance to pulling due to scratching. They are characterized by higher durability and easy cleaning.

Filling : Upholstery foam

Seat cushion filling : **Viscor** thermoplastic foam and upholstery fabric

Legs: Beech wood

Safe and exclusive packaging.

We take care of the safety of our products during delivery. We pack them in durable, waterproof covers so that they reach their new owners in perfect condition.
