

Creating Brands of the Future

Camelia M

409.00 €

This designer sofa will provide your furry family member with royal comfort while also blending in perfectly with almost any décor.

Camelia is a sofa that combines striking design, top quality and exceptional comfort. The soft, padded structure, made of the highest quality fabric, will encourage your pet to take a comfortable nap and provide him with maximum sleeping comfort.

We believe that your dog deserves the best, which is why we only use the highest quality furniture fabrics (Martindale test over 100 thousand rubs) "Pet Friendly", which is demonstrated by very easy removal of hair or dirt and does not allow them to be absorbed into the fabric. At the same time, the upholstery remains soft and pleasant to the touch. If necessary, the removable cushion cover can be easily washed in the washing machine to refresh it. This high-quality sofa has an elegant metal base that insulates from cold or hot floors and thus provides its elegant finish.

The sofa seat is covered with thermoplastic Viscor foam, which increases the body support surface by up to 60% compared to a regular mattress. This reduces pressure on blood vessels, which in turn has a beneficial effect on circulation and regeneration during sleep. Due to the

antibacterial properties of the materials, the sofa remains fresh and is recommended for allergy sufferers.

This elegant piece of furniture has a timeless silhouette that will easily fit into any décor and provide your four-legged friend with a royal rest.

Material

Upholstery: Velvet (100% Polyester) with OEKO-TEX 100 Certificate, improved with advanced Easy Clean and Pet Friendly properties.

Easy Clean – The fibers are covered with a special finish at the production stage, which protects the fabric from dirt. Thanks to this, any stains are quickly and efficiently subject to the cleaning process.

Pet Friendly – fabrics from this group have undergone specialist laboratory tests to check their resistance to pulling due to scratching. They are characterized by higher durability and easy cleaning.

Filling : Upholstery foam

Seat cushion filling : **Viscor** thermoplastic foam and upholstery fabric

Base: Powder coated metal frame in gold or black, or polished stainless steel frame

Safe and exclusive packaging.

We take care of the safety of our products during delivery. We pack them in durable, waterproof covers so that they reach their new owners in perfect condition.

Please note: fabric colors may vary depending on your screen settings. We recommend ordering a free sample before purchasing. Our team is always ready to help with any questions or concerns. For more information, please contact us, we will be happy to answer your questions.
