CONCRETE BENCH 83 P polished completely

845.00 €

Made of high-performance reinforced concrete with fiber structure and natural aggregate of marble or granite stones with defined sizes. The concrete bench can be fully polished or with embossed aggregate structure on the sides and polished surface of the seating area. The aggregate structure has the possibility of different color combinations. The surface is further treated with a protective coating, which makes the product even more resistant to aggressive weather, reduces the deposition of dirt and improves the hydrophobic properties of concrete.

Diameter: 200.0 cm

Length: 45.0 cm

Height: 45.0 cm
