

Creating Brands of the Future

METAL PLANTER 295-TR

1,780.00 €

Refreshing vision and ecological awareness meet in **model 295**. This metal planter is a true example of contemporary design, combining the durability of **stainless steel** with the natural beauty of wood. The wooden elements can be made from traditional wood – spruce, or **eco-friendly Resysta® wood**. This innovative material, developed in Germany, offers a **15-year warranty** against cracks and delamination, provided by the wood manufacturer. Planter model 295 is ideal for larger projects, where a variety of plants can be combined to create a picturesque garden composition. Its elongated form allows for a rich interplay with different types of plants, making it perfect for creating impressive botanical arrangements in any space. This extravagant planter is the perfect platform for those who want to stand out.

Diameter: 149.5 cm

Length: 37.5 cm

Height: 47.0 cm
